SACRO OCCIPITAL TECHNIQUE

Expand your cash practice now with practical and results oriented tools you can integrate seamlessly into your practice! In one-weekend master highly specific treatment protocols to handle exciting and complex cases. Sacro-Occipital Technique (SOT) is a highly specific chiropractic treatment methods enabling you to identify the structural and nervous system patterns which inhibit the health of your patients.

This is a presentation of Dr. Major B. DeJarnette's Sacro Occipital Category Techniques that will teach specific indicators to differentially diagnose and treat the full spectrum of possible patient complaints. Learn how to effectively treat and differentiate between sacroiliac joint hypermobility or fixation as well as sciatica and discopathy, Regardless of your technique these procedures can be quickly and easily incorporated into your practice.

SEMINAR HIGHLIGHTS:

- Monday morning mastery of procedures
- Effective low force & HVLA Adjusting
- Know why, where, when and how to adjust
- Deal with difficult cases with ease obtaining desired results
- Indicator based evaluation and protocols

The Southern California University of Health Sciences is accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges (WASC), and the Los Angeles College of Chiropractic by the Council on Chiropractic Education.

SOTO-USA is a nonprofit organization formed to promote the awareness, understanding and utilization of the Sacro Occipital Technique method of chiropractic as founded and developed by Dr. Major Bertrand DeJarnette. SOT offers an indicator based, comprehensive approach to patient assessment and care.

COMPREHENSIVE BASIC INSURANCE SEMINAR

THE SEMINAR THAT SHOWS YOU HOW TO GET YOUR CLAIMS PAID!

HJ Ross Seminars has led the way on ethical billing, coding and reimbursement for over 30 years for the Chiropractic Profession and continues with that commitment. As we do every New Year, we are offering our Basic Insurance Seminar, and have expanded to more locations.

This seminar is designed to update all the changes for 2008, manage the problem areas of billing, coding, collection, and prepare you for a successful year. We realize money is not the only basis for success but it does play a large part in any business. (Chiropractic is too a business). This is the money seminar with the focus of making sure you get paid for your services.

We know every Chiropractor is acutely aware of the changes made to reimbursement for the last several years. So we will show you how to empower yourself and your staff to get paid. This program is more than an insurance only seminar, it also covers the regulations on cash, cash discounts, and prepayment plans. We want you to be prepared and informed.

Your success is our success and best wishes to you in 2008
